### AZ Displays, Inc.

TFT LCD displays, 2.5" to 10.4"

Analog and Digital Interface

Value Added Solutions:

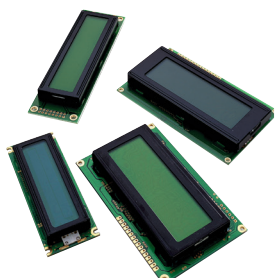

Driver Boards

(Analog - Digital and  
Decoder Boards)

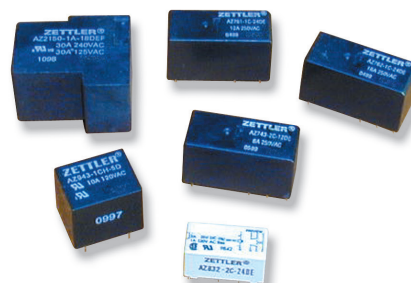

Standard and Custom Cables

Inverters

IC Timing Chips

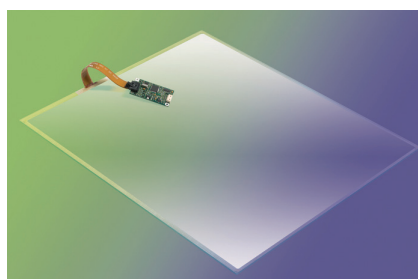

Industry standard character, graphic LCD modules along with custom and glass-only LCD modules

### American Zettler "It's a Better Relay"

Broad offering of electro-mechanical relays for many industries, including:

- Automotive
- Computer Peripherals
- Office Automation
- Telecommunications

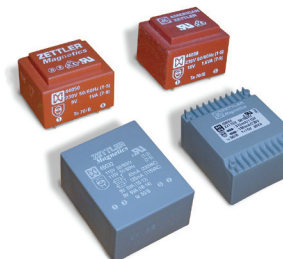

### Gunze USA

Our resistive touch offerings consist of 4, 5 and 8 wire construction to which can be added multiple anti-reflective films that increase transmissivity and reduce reflectivity. A recently introduced Projected Capacitive touchscreen technology is now available in multiple sizes.

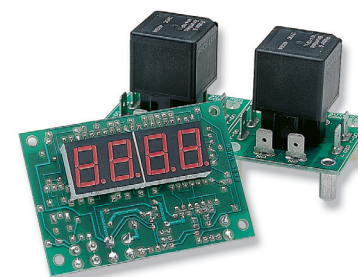

### Hanaco Manufacturing

Manufacturers of silicone rubber elastomeric keypads and assemblies

### Zettler Magnetics, Inc.

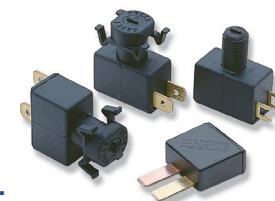

Offering a complete line of sealed power transformers, as well as open frame, low profile and telecommunications transformers

### Packaging for Electronics

Complete Packaging Services—  
Engineering and  
Production

- Product design
- Circuit board design

### Snap Action, Inc.

Miniature size, Ratings from 2.5 A to 40 A

Miniature DC model VB3 rated to 40A, 50 VDC available with automatic or manual reset options. UL, CSA, VDE certified products available

*Serving the Six  
New England States*

***Specialists in Electro-Mechanical Products***
